Reelville's Bees and Roachdale's Hawks defeated Cloverdale and Reelville respectively in the opening of the Greencastle sectional school basketball tournament Friday evening. Clovers started strong Thursday evening, with Coons, registering a net field goal and the first free throw of the tournament to give the Putnam team a 3-0 lead over Reelville. The Bees, rallied however, were out in front 12 to 6 at the quarter.

Reelville increased its advantage during the second period and led 19 to 11 margin at the half. The Hawks fought hard during the third quarter, but the Bees outscored them 17 to 10. Coach Cooper piled up 12 points in the quarter while Coach Cochran's basketball team tallied 8, and the game of the tournament ended, 25 in favor of the buzzing Bees.

Reelville, the only "gymless" outfit in the county and popular favorite of the fans Thursday night, fell behind a superior Roachdale aggregation, 43 to 27 in the second contest of the evening. Al Thomas, stellar forward, had the honor of scoring the first field goal and a foul toss of the tourney for Reelville.

Reelville trailed the Hawks by a 3 point in the middle of the first quarter, 8 to 7, and held the Franklin ship boys to a 3 point edge at the end of the first eight minutes of play, 11-8.

Bishop Lowe To Speak On Sunday

WILL BE GUEST PREACHER AT
GOBIN CHURCH ON DAY
OF COMPASSION

Bishop Titus Lowe of the Indianapolis area will be the guest preacher at Gobin Memorial Methodist church Sunday, March 2, at the 10:40 morning service. Bishop Lowe is one of the great leaders in the new Methodist church and every member and friend will want to hear his message Sunday morning. Rev. Claude M. McClure will be in charge of the service assisted by Rev. Elmer I. Carriker. Music will be provided by Dr. Thompson and the church choir.

Sunday, March 2, has been designated "The Day of Compassion." This is the day which has been set aside by the Methodist church—through its bishops, its board of missions and church extension, and through its committee for Overseas Relief as a day when Methodists everywhere shall give tangible expression to their concern for their brethren throughout the world and for their own sons in America. . . . men, women and children everywhere who are suffering untold hardships and privations this winter because of the wars and threats of wars in Europe and in Asia.

"The Methodist Emergency Commission," with Bishop Edwin Holt Hughes as chairman, has been named by the bishops and other official bodies of the church to ask Methodists to lay upon the altars of the churches one million dollars on March 2 for war-time emergency services. One half of this amount is to be used for overseas relief. One fourth of the total will be used in various ways to assist Methodist boys who are in military training and other service camps. And the remaining fourth will be used to give assistance to British brother Methodists—to minister to human needs among these sorely tried people, and to help carry on and support the missionary work of British Methodists especially in India, Africa, and China.

On this Day of Compassion American Christians with their gifts will be Good Samaritans to the stricken world.

FORMER RULER OF SPAIN DIES IN ROME TODAY

ALFONSO XIII SUCCEDES SUC-
COUNDED BY MEMBERS OF
HIS FAMILY

PASSED AWAY PEACEFULLY

Ex-Monarch Fled Spain Ten Years
Ago When Spanish People De-
cided On A Republic

ROME, Feb. 28.—(UP)—Alfonso XIII, under whom the Spanish empire fell from world power, died at 11:50 a. m. (4:50 a. m. EST) today in his suite in the Grand Hotel, surrounded by his family, physicians and priests.

He died peacefully, according to Dr. Giovanna Colazza. His health, delicate all his life, failed two weeks ago and he had suffered a continuous series of heart attacks since then.

Once the hope of the modern Bourbons, Alfonso had ascended the Spanish throne on his birth 55 years ago, and was ruling under a regency at the age of 12 when the United States victory in the Spanish-American war dealt his shrinking, corruption-weakened empire a blow from which it never recovered.

He fled Spain 10 years ago when the Spanish monarchy gave way to a Republic, and had lived to see a civil war put his former nation under a dictator, Generalissimo Francisco Franco, who restored the royal family's citizenship.

Queen Victoria, who was estranged from Alfonso during three years of their exile, was at the death bed along with two sons, Don Juan, whom Alfonso designated as his heir Feb. 15 when the first heart attack occurred and who now hopes to ascend the throne at Franco's invitation, and Jaime, the other surviving son.

Friends of the family said Alfonso's death struggle began at 11:30 a. m. and lasted 20 minutes.

Some of the accumulated, inbred physical frailties of more than 1,000 years of Bourbons beset Alfonso and his family. The former King had suffered since childhood from nose and ear troubles and other ailments. Of his six children, four sons were afflicted with hemophilia, hereditary bleeding disease which caused Don Gonzalo, the youngest son, to bleed to death from an injury suffered in an automobile accident in Carlinth, Austria, in 1934, and Alphonse, the oldest son, to die in the same manner after an automobile accident in Miami, Fla., Sept. 6, 1938.

City May Have Direct Air Mail

PLAN PROPOSED TO PICK UP
MAIL AT GREENCASTLE
MUNICIPAL AIRPORT

Greencastle people will have the opportunity of using air mail service direct from this city to all points of the United States if the proposal of the Mercury Development Co., of Indianapolis is consummated.

They are proposing to use air mail planes to pick up mail on fields such as Greencastle has, by the use of a new plan whereby the plane picks the mail off the ground while in flight, the same as a train does. If this plan is completed, Greencastle will be 16 minutes from Indianapolis and 15 from Terre Haute.

This city will also be only two hours and 43 minutes from St. Louis and only a short time from Chicago and other mid-western centers. The plan is to provide a mail service east and west once each day and this will connect Greencastle with every important center in the nation and will provide air mail service here equal to any city in the country. Raymond B. Townley, former commander of the Indiana Department of The American Legion was here Thursday conferring with Postmaster Albert Dobbs and city business men concerning the new plan.

HUNT MISSING ARMY BOMBER

BALBOA, C. Z. Feb. 28 (UP)—Search was being made today for a United States Army bomber which was reported to have fallen into the sea last night.

Observers reported they saw the plane crash and that two men from it had been descending in parachutes off Bruja Point, at the west end of the Panama Canal.

Details will not be available until searching parties return, it was said.

PROF. HERMAN BERG GIVES VIOLIN RECITAL

Easy grace, excellent technique and unquestionable ability characterized the recital Thursday evening of Herman Berg, assistant professor of violin and director of the DePauw University Symphony Orchestra.

Henry Kolling, professor of piano, was the accompanist. Prof. Berg played first two Bach chorales, the first arranged by Tertis, "Komm Suesser Tod" was a slow and strong selection that gave opportunity to Mr. Berg to show the qualities of both his technique and his violin. The Spalding-arranged chorale "Herzlich Tut Mich Verlangen" was the second in this group. A brilliant selection, it was played with considerable spirit.

Viotti's Concerto No. 22 in A Minor followed by Chausson's "Poeme, Op. 25" comprised the next portion of the program. In both the Concerto and "Poeme" Mr. Berg proved again his mastery of technique and interpretation.

A group of lighter selections, executed with grace and finish concluded the recital. Mr. Berg played the concert favorites, "Spanish Dance" by Granados arranged by (Continued on Page Three)

Group Meeting To Be At University

SCHEDULED FOR MARCH 7 AND
8 TO DISCUSS EDUCATIONAL
OBJECTIVES

DePauw University has been selected by the North Central Association of Colleges and Secondary Schools to act as host to one of the group conferences being sponsored by this Association on "The Preparation of High School Teachers in Colleges of Liberal Arts."

The DePauw conference is scheduled for March 7 and 8 with all liberal arts colleges in Indiana, Eastern Illinois and Northwestern Ohio sending delegations. The purpose of this conference, according to Dr. Russell Cooper, secretary of the North Central, is to enable liberal arts faculty members to discuss educational objectives and procedures, particularly as these relate to the preparation of high school teachers.

There will be two principal addresses made during the conference with much of the work done in sectional meetings. The two principal speakers on the program will be J. Ralph Irons, superintendent of schools at Evansville, and Dr. Stephen M. Corey, professor of Psychology and Education at the University of Chicago.

Superintendent Irons will speak on the Friday afternoon session on the theme "What Do We Expect from the Colleges?" and Dr. Corey will speak on the Saturday morning session on "Learning Problems at the College Level." Dr. Corey was a member of the DePauw faculty at one time.

There will be five sectional meetings: The Natural Sciences, with Max Astrachan of Antioch College, Chairman; Social Science, with Byron K. Trippett of Wabash College, Chairman; Language and Literature with Russell P. Jameson of Oberlin College, Chairman; the Fine Arts, with Lloyd Oakland of Cornell College, Chairman; and Personnel, with Frank S. Endicott of Northwestern University, Chairman.

Sectional meetings will be held Friday afternoon following Superintendent Irons' address; Friday night following the conference dinner; Saturday morning following Dr. Corey's address, and Saturday afternoon, culminating with summary reports of all sectional meetings before the conference as a whole.

The Indiana House of Representatives voted to move the state reformatory from Jeffersonville to Putnamville.

Mrs. Roy Hillis was in Indianapolis for the day. Mr. and Mrs. C. C. Huestis were here from Brazil for the funeral of Ed. E. Black.

MR. AND MRS. JOHN ROBINSON TO OBSERVE GOLDEN WEDDING SUNDAY

The Daily Banner reporter who one recent evening called on Mr. and Mrs. John F. Robinson, at their home just outside the city limits on the Greencastle-Stilesville road, in connection with their golden wedding anniversary observance, started to leave several times after getting the information he really went after, but resumed his seat to hear the conclusion of another one of Mr. Robinson's stirring tales of his adventures and travels. He has been around quite a bit, far more, in fact, than the average resident of Putnam county.

Mr. and Mrs. Robinson were married half a century ago, this last Wednesday, but on Sunday they will have their observance of the event, which is being arranged for them very largely by their children, especially Mrs. Roscoe Scott, who, with Mr. Scott, and their little daughter have their home with the Robinsons. There will be a dinner for the family at noon, Sunday, and from 2 to 5 that afternoon they will informally receive all their friends who can be with them.

Mr. Robinson was born July 31, 1862, in Washington county, Ken-

tucky, but he never knew his father. The latter was a Union soldier in a Kentucky regiment in the Civil war, leaving home for camp a week after the birth of John. Not long afterward, he became sick in camp and his wife went to fetch him home, but he never arrived home. He was killed, on the road home, by one of a squad of roving guerilla raiders, who shot him and took his horse.

Mr. Robinson was the youngest of a family of seven children. Wesley, his oldest brother, now 86, is yet living and may possibly be here for the anniversary. There is also a half-sister, Martha Speak Robinson, living in Lexington, Ky.

Mr. Robinson left home when he was 18, going to Illinois. He was a student at a Quaker academy at Vermillion and he recalls that a summer student there one season, was the Roy O. West, then of Georgetown, Ill., who is so well known in DePauw university alumni circles. Mr. West's father was a partner in the general store firm of Yapp & West.

Mrs. Robinson is a former Illinois girl, Sadelia Brown, living near Marshall. She was the daughter of (Continued on Page Four)

PRESBYTERIAN CHURCH MES-
SAGES INDICATE MOTIVES
GUIDING CHRIST

"Seven Musts" in the Christian Life will be the theme of the messages during Lent at the Sunday morning services in the Presbyterian church. This subject has been selected in order to indicate the motives which guided Christ in his ministry and the corresponding purposes which should inspire all of his followers in this age.

The topics follow:
March 2—Dedication, "I Must be about my Father's business."
March 9—Transformation, "Ye gospel must be preached unto all nations."
March 23—Christianity, "None other Name whereby we must be saved."
March 30—Suffering, "The Son of man must suffer."

April 6—Victory, "He Must go to Jerusalem." Palm Sunday.

April 13—Immortality, "The Son of man must rise again." Easter. A "Communicants' Class" for boys and girls of twelve years, or older, taught by the pastor, will meet each Sunday at 9:30 a. m. during Lent.

March 9 will be "Every Member Pledging Sunday" for the church year, beginning April 1. All youth and adult pledges are to be brought to the morning worship service.

Palm Sunday, April 6, the church choir and guest soloists will give the Lenten Cantata, "The Message from the Cross" by MacFarlane, under the direction of Jack Gillespie, organist. Every member is asked to put church attendance on his "Must" list each week during Lent.

TWO MEN HURT IN AUTO CRASH NEAR CITY

William King, Greencastle, supervising engineer for the Indiana State Highway Commission, and Charles Fox, chairman of the Indiana Industrial Board, were both injured sufficiently to be removed in the Shannon ambulance to the Putnam county hospital Friday morning after their cars collided at the intersection of roads 40 and 43, south of the city.

Both were reported to have received severe head cuts and injuries but it was thought neither was critically hurt.

Fox lives in Terre Haute and is quite well known here as well as over the state. The two cars were badly damaged, the front ends of both being wrecked.

Possible War Zone

BULLETIN

SAIGON, French Indo-China, Feb. 28.—(UP)—Authoritative sources said today that Japan and Thailand, in a demand of ultimatum nature, had given Indo-China until midnight to accept peace terms and that large Japanese naval forces were moving southward in anticipation of a French refusal.

(This dispatch made it appear that despite official denials at Tokyo Japan had demanded that Indo-China reply by midnight to its "final" demands which require great territorial sacrifices in Thailand's favor.)

(Because of the time difference, the dead line was elastic. Midnight Tokyo time is 10 p. m. Indo-China time and 10 a. m. EST. But midnight French time, with the Vichy government speaking the final word for France, is 8 a. m. tomorrow Tokyo time as official.)

The assertion that large Japanese naval forces were moving southward came direct from a Japanese official.

A Japanese official said Japan had large land, sea and air forces in and around Indo-China and that Indo-China "must agree to the latest Thailand-Japanese demands.

British Ready For Nazi Subs

FULLY PREPARED TO MEET
HITLER'S SPRING CAMPAIGN,
ENGLISH CLAIM

LONDON, Feb. 28.—(UP)—Authoritative sources said today that Great Britain was fully prepared to meet Adolf Hitler's spring submarine campaign and would defeat it.

They said they realized what Germany was prepared to do but would say without revealing any official secrets, that the British navy had "an ace in the hole."

"Hitler may or may not have hundreds of best pocket submarines but we certainly have an antidote for them," an informant said. "The battle will be long and arduous but we beat the U-boat menace in 1917 and I think there is no doubt we will do so again."

A reliable source said that sinking of enemy submarines, which averaged around 17 a month during the early part of the war, had been more than that in recent months, including Italian as well as German submarines.

The admiralty does not publish figures of its sinkings of German submarines. But the informant estimated that Germany had lost more than 100 since the war started.

LONDON, Feb. 28.—(UP)—Authoritative British sources indicated today that a diplomatic break with Bulgaria was imminent.

"While no date has yet been fixed for the departure of the British Minister at Sofia, his departure can not long be delayed," an authoritative statement said.

(Zurich reported that for the second time this week telephone service to Bulgaria from there and from Berlin was "disturbed" and no connection could be obtained.)

GUESS WHO?

"Guess Who?" last week was a picture of two people but only one person guessed the correct identity of both. Herbert Elmore and Albert Dobbs were pictured and Joel Dobbs of Fillmore receives two free tickets to the Voncastle Theatre to see "High Sierra" showing there this week-end. Mrs. Grace Hurst and Miss Judy Friend guessed Albert Dobbs but missed the other so they each receive one free ticket to the Voncastle Theatre.

This week we also have two young people who should be known by a great many in Greencastle and in Putnam county. The young lady lives in the city and the young man is a farmer. Try your luck and call for answers into the office of The Daily Banner and receive two free tickets to the Voncastle Theatre.

Mr. and Mrs. Harry Allan are at home from Avon Park, Fla., where they spent the past several weeks. Enroute home they went to New Orleans and saw the Mardi Gras at its height which included the final parade of the big celebration. Mr. Allan said everything in New Orleans was filled to capacity and it took him until 11 o'clock at night to find hotel accommodations. He also reports the crowds in Florida were under what they were a year ago, but the weather was much better. They only experienced one or two cold days during their stay.

PROBE PLANE CRASH

ATLANTA, Ga., Feb. 28—(UP)—Seven Federal aviation experts today delved into the twisted wreckage of an eastern airlines sleeper seeking the cause of a crash in which seven persons died yesterday and nine survived although three, including Capt. Eddie V. Rickenbacker, remained in serious condition.

Airline officials are also investigating the crash and at Washington a third inquiry was being organized by congressmen. Rep. William D. Byron, D., Md., was one of those killed in the crash-up.

The investigation was complicated by the fact that the plane's instrument board was smashed and crack up.

Examination of the motor attempt to determine if one of the out before the crash, also indicated a difficult job. One motor was hurled far forward of the fuselage and the other was almost under the fuselage.

Preliminary investigation he time of the crash close to Tuesday midnight. A small engine died by a passenger was stopped at 12:49. If it stopped at the crash and had been set to turn time, it placed the crash 11.49 central time, five minutes later the plane was to have crashed in Candler field.

Warren Tucker, student at University is spending the night with his parents, Dr. and Mrs. Tucker.

RETONGA WINS STRONG PRAISE OF CONTRACTORS

Felt So Weak, Run Down And Nervous He Could Hardly Keep Going, States Mr. Brown. Wants Other Sufferers To Know About Retonga.

In grateful public endorsements well known men and women are telling how Retonga brought them prompt relief from the distresses of nervous indigestion, weak, run down feeling, loss of strength, muscular pains, sluggish elimination, and other harassing symptoms due to a lack of Vitamin B-1, sufficient flow of gastric juices in the stomach, and the toxic wastes of constipation. Mr. D. E. Brown, 1237 N. Riverview Ave., Dayton, Ohio, a well known contractor and member of the Modern Woodmen, declares:

"I felt so weak, run down, and nervous I could hardly keep going. Everything I ate seemed to sour in my stomach and gassy bloating was so bad sometimes I felt like I would pass out. I could hardly get a bowel movement without taking harsh purgatives and toxic poisoning seemed to follow."

Thousands from the Great to the Gulf are praising Retonga. Accept no substitute. Retonga is obtained at R. P. Muller Store.—Adv.

Previews and Reviews AT LOCAL THEATERS

Voncastles

Sparkling comedy, with cast and story built for laughs, will fill the screen at the Voncastles Theatre tonight and Saturday when "Blonde Inspiration" opens an engagement of 2 days. The picture introduces a new romantic team in John Shelton and Virginia Grey, two youngsters who appear headed for stellar heights in Hollywood.

The story deals with a young writer, played by Shelton, who attempts to get his name before the public by writing for a Western pulp magazine. To do it, however, he has to buy a share in the magazine. Then he finds that he must write the whole magazine, being the sole member of

the staff. That means that he must turn out three short stories, a complete novel and two columns each week, a mammoth job.

The secretary of his publisher, played by Virginia Grey, helps him fulfill his assignment, however, and he manages to meet his deadlines until the man who formerly had his job steals his manuscripts and destroys them.

Granada

Action as only "Hopalong" Cassidy seems to be able to deliver it, keynotes the latest screen adventure of that famous cowboy, "Three Men From Texas," which opens at the Granada Theatre tonight. Action, and plenty of it, drummed out to the accompaniment of thundering hoof beats and the barking staccato of six-guns!

The three men from Texas in this fast-moving story of land-grabbing days in California, are "Happy," his pal "Lucky" Jenkins, and a comic character, "California."

Also—Wild Bill Hickok, legendary hero of the old west, returns to the Granada Theatre screen this afternoon with the opening of a thrilling saga of the western plains, "Prairie Schooners." Bill Elliott is featured as the two-fisted star of the story and lovely Evelyn Young supplies the romantic interest.

Chateau

A delightful piece of entertainment is in store for all western fans—and, in fact, all motion picture fans—for "Ridin' On A Rainbow," latest of the Gene Autry series which is to open Friday and Saturday at the Chateau, promises elements of entertainment which will please all types of film audiences.

A showboat is the background for the tuneless and colorful story.

Also—Lucille Gleason, who, in playing Lil Higgins, usually causes all the trouble in Republic's series of Higgins Family comedies, inadvertently throws a wrench into the works again in "The Covered Trailer," newest Higgins comedy now showing at the Chateau Theatre. This time she blurs out James Gleason's true age to an insurance salesman and the trouble begins.

David L. Grimes, county farm agent, was discussing, this morning, the need for a man in his position to have a wide range of information, bearing upon all phases of agriculture, stock raising, and so on, and just then he turned over a card, in his morning's mail, which was concrete evidence of the truth of what he had just said. The card was from Dale Miller, Fillmore, and Dale said: "I have a billy goat 8 months old and would you please tell me the average life of a goat?" Mr. Grimes said he would have to conduct a research on that point before he could give the information. Another card asked him about the producers of "henney white eggs" in the county. That, too, had him bothered, he admitted.

APPROVES PETITION

The state conservation department has approved the petition of Harry Stamp for the classification as forest land three tracts of land, two of them, containing 10.6 and 3 acres respectively, in Franklin township, and the third containing 24.5 acres in Russell township. The state forester reported, after his survey of the tracts that the stand of trees now on the land or to be planted by the owner, is sufficient to warrant its classification as forest land. He mentions oak, hickory, beech, maple, elm, ash, walnut, honey locust, hackberry, poplar and cherry trees as growing on the land, and also, that the trees are "without insect or disease damage."

Other forest-classified tracts of land in Putnam county are those of Charles H. Barnaby "The Black Tract," 83 acres in Greencastle township, which has been forest reserve since 1927 and "The Toney Tract," 80 acres in Madison township also thus classified since 1927; a tract of 117.5 acres in Greencastle township owned by Charles H. Barnaby, Jr.; and tracts in different parts of the county owned by Lucy Boswell, Margaret D. Bridges, the heirs of Thomas A. Drake, land owned by Walter Dunbar, Alcaney Farmer, Charles H. Kimpel, and C. B. Knauer, Jr.

Farmers Attended Beef Cattle Tour

The beef cattle tour held in Putnam county Thursday was the third annual event of that kind in this county and it was the best, County Agent David L. Grimes said this morning. Forty farmers who are interested in stock of that kind formed the cavalcade making the tour. The first visit was at Carl Beck's farm east of Bainbridge, next to J. B. Williams' in the same township, at both of which places there was an inspection of an interesting Hereford breeding herd.

At J. H. Blaydes & Son's, in Franklin township, there was an inspection of a Shorthorn breeding herd. At Ray Crosby's, the center of interest was a group of heavy Here-

DePauw Students Vote Against War

CAMPUS OPINION SEEMS TO BE
IN FAVOR OF DRAFT; CONSID-
ERED LEASE-LEND BILL

DePauw students don't want war: In fact, 90 per cent of the student body do not favor war even against Germany and Italy at the present time. This attitude was shown in a poll circulated Monday by the DePauw.

The poll, which is nation-wide in character, was prepared by Motive, a new magazine for Methodist student youth. The results from the nation as a whole will be published in the April issue of Motive.

Other questions on the poll concerned the draft, aid to England, and the value of the lease-lend bill.

Campus opinion seems to be in favor of the draft. 68 per cent of the ballots indicated that the voters

felt a year of compulsory service is a good thing. Only 15 per cent opposed the draft, while the remaining 17 per cent were undecided.

On the subject of aid to England, the trend was not so clear cut. In fact there was not a majority vote either way. Forty-eight per cent favored aid to England even at the risk of war; 40 per cent felt that any chance to preserve peace in our country was more important and 12

per cent were undecided.

On considering the value of the lease-lend bill, opinion divided itself into thirds. Thirty-five per cent opposed the measure, termed the "Dictator Bill" by some American papers. Nearly 34 per cent declared that they favored it, while over 31 per cent had not made up their minds or did not know what the bill provided.
